

Wisconsin ARP Child Care Stabilization Fact Sheet

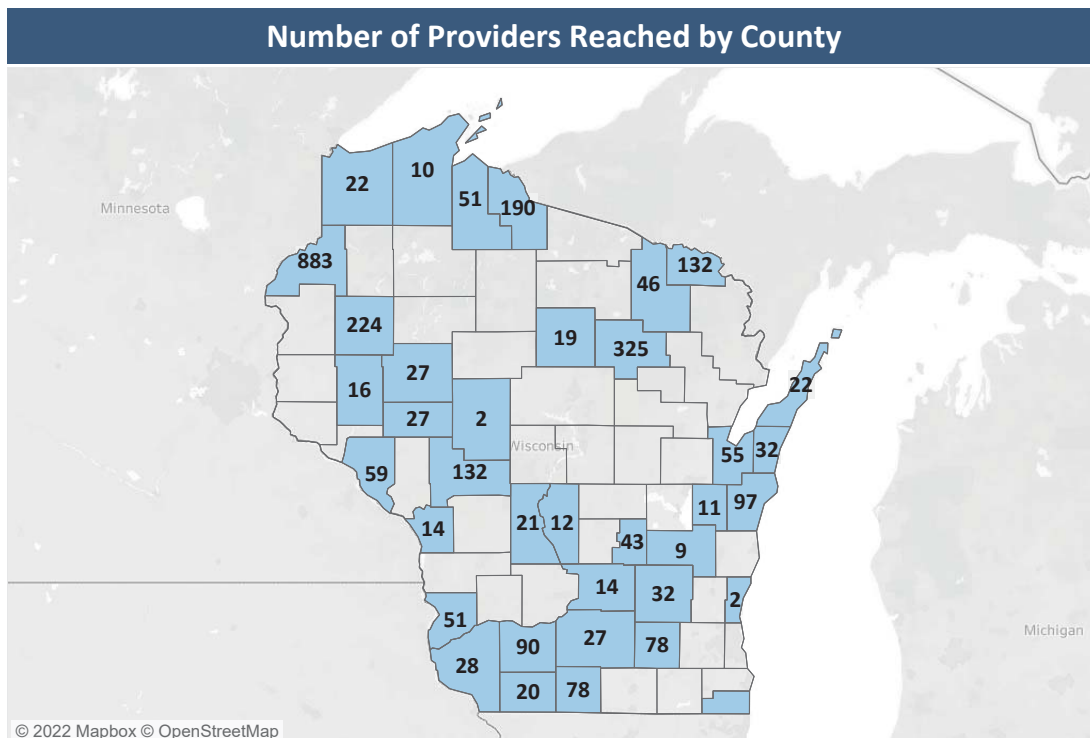

7,370 Child Care Programs in Wisconsin have already Received American Rescue Plan Stabilization Support, Impacting up to 288,600 Children

ARP's historic investment provided Wisconsin with \$357 million for their Child Care Stabilization program. The program has been critical to helping child care centers and family child care providers remain open or reopen, keeping child care workers on the payroll, and ensuring families have reliable options for high quality care while they work. Child care programs are mostly small businesses and are essential for families, communities, and the economy.

The ARP Child Care Stabilization program has been an unprecedented lifeline for the child care sector that helped parents return to work and spurred economic recovery. So far, more than 200,000 child care programs serving as many as 9.5 million children have received assistance across the country from this program.

In Wisconsin:

- 4,140 child care centers that received stabilization payments most commonly used them to pay for rent and mortgage payments to help ensure their doors stayed open.
- 3,230 child care family homes that received stabilization payments most commonly used them to pay for rent and mortgage payments, typically their largest operating expense.
- Stabilization payments are expected to continue into 2023.

Wisconsin's stabilization awards went to more counties than shown on this map. Data is forthcoming. Note: ACF-901 data through June 30, 2022.

For more information on the national impact of ARP funds see the [White House Fact Sheet](#).
